About IMS Fund Services

IMS Fund Services is a division of International Management Services Ltd (“IMS”) which is one of the largest and longest established offshore company management firms in the Cayman Islands. IMS is licensed by the Cayman Islands Government to provide corporate management services (first licensed in 1974) and holds a Mutual Fund Administrators Licence under the Mutual Funds Law (As Amended) and a Trust Licence under the Trusts Law (As Amended).

IMS’ Fiduciary Team focuses on the provision of directors and trustees to hedge funds. We have over 50 years of collective experience in the fund industry and provide services to some of the largest global hedge fund organizations. Fiduciary Team members are all professionally qualified and are recruited from household names. IMS staff is not only independent of the investment manager, but also independent of the administrator and other service providers.

We have capacity constraints limiting the number of directorial appointments per Fiduciary Team member. We take our role as directors and trustees seriously, thus providing exceptional corporate governance of the highest standard.
